

Green River Lake holds 21st Annual Lakeshore Cleanup

Thanks to the hard work of 316 volunteers and the support of 84 sponsors, the 21st Annual Green River Lake Lakeshore Cleanup was a record breaking success.

On Saturday, September 15, 2007 approximately 178 bags of trash, 20 tires, and everything from car hoods to bathtubs were removed from the lakeshore with a cost savings to the government of over \$17,793.96. Volunteers at the event consisting of school groups, girl scouts, boy scouts, community members, boat owners and even an exchange student from Switzerland spent the entire morning pitching in and picking up at several sites on Green River Lake. Due to this combined effort for National Public Lands Day and a general concern for the environment, the shore line at Green River Lake is that much cleaner for all to enjoy.

We at the U. S. Army Corps of Engineers at Green River Lake would like to express our deep appreciation for the time, energy, and generosity that made this event possible. Thanks again to all the volunteers and sponsors listed below who made this event a success.

<u>Food Donations</u>	<u>Prize Donations</u>	<u>Prize Donations</u>
